

Bittnet Learning Credits

What are Bittnet Learning Credits?

- Value vouchers which can be bought in advance for accessing trainings organized by Bittnet;
- The validity of a BLC is 18 months, meaning it can be used to participate at the courses organized in this timeframe;
- The value of a voucher (face value) is 100 EUR;
- The purchase price of a voucher is 90 EUR;
- For orders higher than 5000 EUR face value additional discounts can be negotiated up to maxim 85 EUR per voucher;
- A payment method in advance to spend unused training budgets (with this year unused budget you can train your people within 18 months since acquisition).

How can Bittnet Learning Credits can be used?

- You can purchase an infinite number of vouchers;
- They can be used within 18 months since purchase for accessing the trainings organized by Bittnet – Cisco, Microsoft, Linux, VMware, PMP, ITIL, Oracle, Amazon, etc.;
- Bittnet Learning Credits work as a payment instrument. Thereby, in case there is a preferential price negotiated for a certain course (depending on the subject, number of participants, location, etc.), the vouchers apply to the final negotiated price. If a course has the price list 1800 EUR and a preferential price of 1600 EUR has been negotiated, then there will be used 14 credits (BLCs) for payment.

Why you should buy Bittnet Learning Credits?

- Because you pay in advance from an unused budget to cover the training needs;
- Because you are not forced by time to use the BLCs. You have 18 months to attend the preferred courses;
- Because you are not forced to buy a finite number of credits (BLCs);
- Because you get a 10% discount for every Learning Credit bought: you pay 90 EUR and benefit from a 100 EUR face value;
- Because you get a discount up to 15% for orders higher than 50000 EUR;
- Because you won't worry about exchange rate fluctuations;
- Because you simplify the payment process by using BLCs.

What courses we organize?

Bittnet is the IT training market leader in Romania by the number of trained participants, by the feedback received from them for the trainer's performance. This position is consolidated by the fact that we offer to our clients courses from a large range of vendors, and also by the levels of each course (associate, professional, expert).

Bittnet offers to its clients only authorized training programs.

The vendors from our portfolio are:

- Cisco
- Microsoft
- Microsoft Office
- VMware
- Linux
- Oracle
- Amazon Web Services
- Citrix
- ITIL

How to book a class?

Terms of use:

- at any open class announced on our website: www.bittnet.ro/orar-clase;
- at any closed class with the minimum number of participants (to be discussed with a dedicated account manager).
